

# Emulators and Roms

## Emulators

You can find a list of emulators here [https://emulation.gametechwiki.com/index.php/Main\\_Page](https://emulation.gametechwiki.com/index.php/Main_Page)

## Roms

There are a variety of places you can find ROMS. Personally the [r/roms megathread](#) is the place to go. Anything that is "no-intro" or "redump" has been verified by the community to be a good dump.
